OUR MISSION AND VALUES

Montachusett Veterans Outreach Center aims to assist all veterans and their families, regardless of discharge status or activation level, as they work to achieve healthy, balanced, and productive lives. We serve those who have served through an individualized approach designed to foster independence. We envision a country where veterans are never left behind or in need.

To deliver our mission we rely on three core values:

- ★ Dedication of staff
- ★ Meaningful and impactful engagement with our Veterans and families
- ★ Stability within the community and organization

LETTER FROM LEADERSHIP

Dear Friends,

The Montachusett Veterans Outreach Center is pleased to share details of a successful 41st operating year. Staff spent the duration of the year in person after having been remote for some time, which allowed us to bring back many programs and events. We launched a weekly peer-led recovery group, a monthly employment guidance session, healthy cooking classes, and even a fly tie fishing lure class and trip! Our veterans and their families were excited to have opportunities to rebuild their community supports and reengage with our operation.

We also continue to receive support from the Massachusetts Department of Veteran Services and the Veteran Administration, including the award of a new contract that allowed us to expand both our outreach and counseling teams and also award financial assistance grants to recently housed veterans and veterans that incur unexpected medical bills.

The MVOC is continuously thankful for all the support we receive, statewide and federally as well as from local businesses and individuals. We look forward to another successful year!

Stephanie Marchetti, EdD
Executive Director

Cathy Stallings-McWilliams
Founder & Board Chair

YEAR IN REVIEW

July 1, 2021- June 30, 2022

13,000+
INDIVIDUAL
SERVICES
PROVIDED

Including, but not limited to:

3,509 case management services provided

2,355 housing assistance and support services provided

1,064 counseling sessions

1,360 VA and Social Security claims processed

997 food and clothing pantry uses

907 veteran transports

326 financial assistance awards granted

PROGRAMS & SERVICES

Housing

MVOC offers a variety of safe, supportive housing options to its residents, with 56 permanent and transitional units in total and construction on another 44 expected to begin fall 2023.

Residents in all of our housing facilities, located throughout Gardner and Winchendon, benefit from case management services, mental health counseling, wellness programming, food and clothing pantry access, benefits advisement, and more.

Housing is available for homeless and disabled male and female veterans seeking a sober and welcoming community.

Counseling

MVOC veterans and their families receive timely and experienced assistance from our team of counselors and clinicians, which expanded in this past year to include veterans from both the Army and Air Force.

Our mental health team uses a variety of approaches to assist veterans in reaching their personal goals, overcoming trauma, and adapting to civilian life. They are available in person, via phone, and via video to veterans and veteran families in need. In addition to individual sessions, we also expanded services in this past year to include several recovery and processing groups.

Case Management

Case managers work with veterans in both our permanent-supportive and transitional-supportive housing programs as well as with recently housed veterans throughout North Central Massachusetts. They assist veterans in overcoming personal challenges and adapting to independent, civilian living.

Case managers assist veterans in goal setting, employment, accessing education, and more.

Benefits Assistance

Navigating veterans benefits can be complicated and overwhelming, but MVOC can help! Our full-time benefits advisor assists veterans in accessing the benefits they earned during their time in service to our country.

Transportation

MVOC is dedicated to providing wrap-around services to those in need, including transportation to medical appointments and critical resources with our own van driver. We also provide veterans with free passes to the local MART bus system.

Food and Clothing Pantry

Our needs-based food and clothing pantry is largely supplied by the Worcester County Food Bank, with additional support this from the United Way, Walmart, and Hannaford. We also receive generous donations from local residents, other non-profits, and businesses.

The pantry is not only open to MVOC residents and those living locally, our Outreach Assistant also delivers food boxes to homebound veterans and veteran families in need on a monthly basis.

Community Programming

The MVOC offers a variety of programs and events for the veterans of North Central Massachusetts to participate in, most notably this past year were fly tie fishing lure making classes, health cooking classes, regular coffee hours, and monthly walkabouts. We also reopened our Day Room for veterans to play games, work on puzzles, and use the internet.

BUILDING MVOC'S FUTURE

MVOC continues to pursue expansion plans! Throughout the 2021-2022 year pre-development plans to repurpose two adjacent historic schools in Winchendon were largely completed. This project will create 44 single resident apartments of low-income housing for veterans, with support spaces included inside and out. The site will include interior common areas and clinic space as well as an external courtyard and outdoor recreation space.

MVOC is fortunate to have the full support of the town of Winchendon and a strong partnership with Anser Advisory to guide the process. The project's architectural team, Jones Whitsett, has already finished design and development plans and a Veteran-owned construction company, Commodore Builders, has been contracted to assist as well. We continue to move through both state and federal funding application processes and look forward to breaking ground in 2023!

FINANCIALS & BOARD OF DIRECTORS

**Total Assets:
\$4,850,584**
